Read the passage quickly and find his/her friend.

Reading tips: Pay attention to the capitalized(大写的) letters.

Jeff Green

My mother told me a good friend is like a mirror. I'm quieter and more serious than most kids. That's why I like reading books and I study harder in class. My best friend **Yuan Li** is quiet too, so we enjoy studying together. I'm shy so it's not easy for me to make friends. But I think friends are like books — you don't need a lot of them as long as they're good.

It's not necessary to be the same. My best friend Larry is quite different from me. He is taller and more outgoing than me. We both like sports, but he plays tennis better, so he always wins. However, **Larry** often helps to bring out the best in me. So I'm getting better at tennis. Larry is much less hard-working, though. I always get better grades than he does, so maybe I should help him more.

Huang Lei

I don't really care if my friends are the same as me or different. My favorite saying is, "A true friend reaches for your hand and touches your heart." My best friend **Carol** is really kind and very funny. In fact, she's funnier than anyone I know. I broke my arm last year but she made me laugh and feel better. We can talk about and share everything. I know she cares about me because she's always there to listen.
